Major General Delmar E. Wilson  
Commander  
16th Air Force  
APO New York 09283

General Wilson:

It was both an education and a pleasure to have the opportunity to work with you and your people in carrying out tasks assigned at Camp Wilson.

In particular, I would like to express my thanks and appreciation for the splendid support provided me by Major Frederick Dierksmeir and 1st Lt. C. E. Merwin, III. They supplied, without hesitation, accurate photo mosaics, maps, and charts to assist me in my work at the site. They also provided complete sets of charts with current search information for briefing purposes. These search charts, of course, proved invaluable. Their eagerness to provide this assistance which was in addition to their already heavy responsibilities was very gratifying.

Very truly yours,
